KRISHI VIGYAN KENDRA, MAYURBHANJ-I, ODISHA

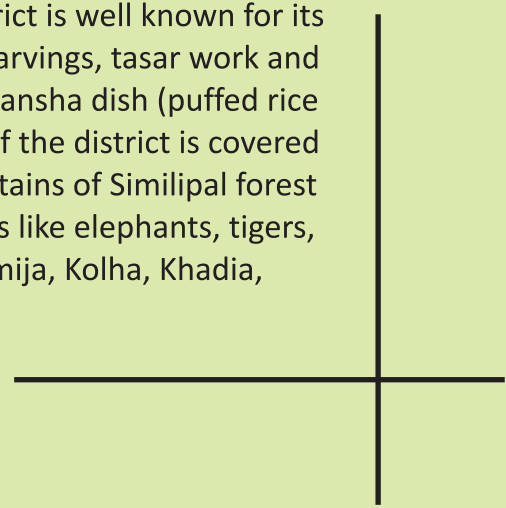

Shayamakhunta, Dist: Mayurbhanj, Odisha, Pin: 757049

Ph: 06792211555, E-mail: mayurbhanjkvk@yahoo.co.in

Introduction

Mayurbhanj is situated in the Northern part of Odisha and located at a latitude of 21° 16' N to 22° 34' North and longitude of 80° 40' E to 87° 11' East. The average altitude of the district is 592 meter, the highest is Meghasani peak (1165 meter) and lowest is Kalama at (20 meter) from MSL. This land locked district is bounded on the North by West Bengal & Jharkhand, on the west by Keonjhar district and on the East by Balasore. Mayurbhanj district is the Ex-state of Mayurbhanj Kingdom was merged with Odisha state on 1st January 1949 and known for its vibrant culture, scenic beauty, Chhau dance, traditional Jhumar music, Similipal biosphere, tribal population and of course for its famous Maharajas. This Northern Odisha district is well known for its handicrafts of sabai, bamboo, stone carvings, tasar work and is also famous for its special Mudhi-Mansha dish (puffed rice with mutton). Most of the land area of the district is covered with dense forest and towering mountains of Similipal forest range provides shelter to wild animals like elephants, tigers, wild buffaloes etc. and tribal like Bhumija, Kolha, Khadia, Mankadia and others.

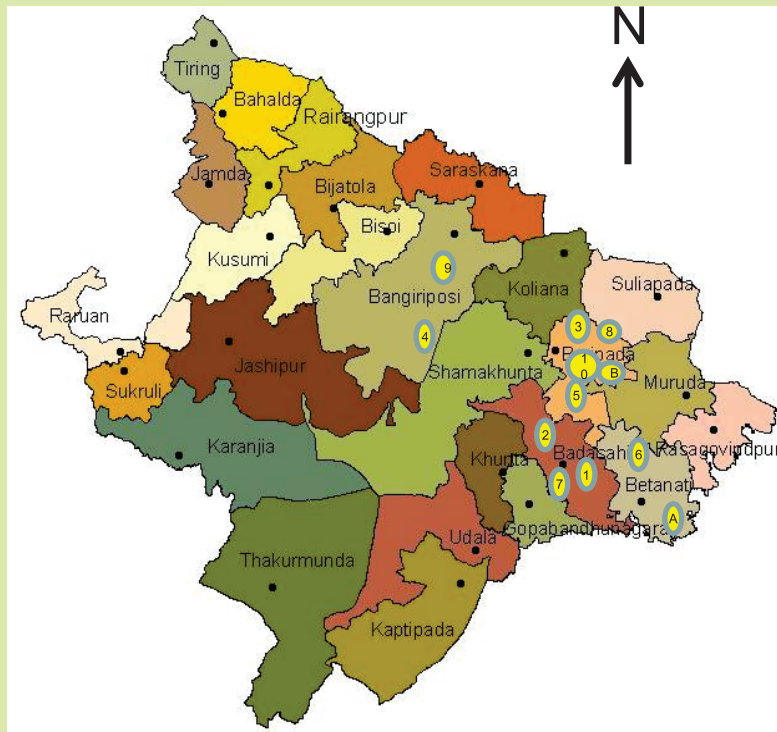

Objectives of the visit:

Exposure Visits provide a platform to the progressive farmers to expand their knowledge and skill by visiting to the places where new technologies and techniques are involved in agriculture and allied sectors. These Exposure visits takes the farmers beyond their district or state and let them an opportunity to learn and understand several techniques and ways of increasing their income by adopting new package and practices of agriculture.

- To make acquaintance with latest technologies
- To learn and understand post harvest technology.
- To share the knowledge and skill of other districts and states.
- To ensure farmers about adoption of new technology.
